

**Claims and Evidence**

Use the table below to make claims about what should be on the blank side of the cube. You will make four claims of what should be on the missing side of the cube: the color, the name, the number in the upper right hand corner and the number in the lower left hand corner.

**Requirements:** Write in full and complete sentences.

Claim	Evidence

**Conclusion:** In the box provided, draw a picture of what the missing side of the cube would look like.
